Neem Bristles – Medium Adult

Description:

The handle is made of Indian bamboo, an environmentally sustainable timber.

The bristles are made from Nylon 6.12

Stylish and unique!

Okay, all eco-friendliness aside... Bamboo toothbrushes are just beautiful and cool-looking!

Charcoal Adult - Soft

Description

Like a conventional toothbrush, a charcoal toothbrush has a similar shape and design along with bristles on the brush head. However, the difference is that those bristles are infused with charcoal rather than being standard synthetic bristles that simply sweep and capture bacteria and debris.

Natural Bristles – Soft Adult

The bristles are made from **Plant-based material (Castor Oil)** which is compostable.

Stylish and unique!

Okay, all eco-friendliness aside... Bamboo toothbrushes are just beautiful and cool-looking!

Super soft / Nano Bristles – Round Handle

With 10,000-20,000 ultra-fine bristles, you can deeply clean your teeth, every corner. Micron soft hair, more effective and gentle care for gum health. It adopts environment-friendly and antibacterial fiber hair, which is environmentally safe.

The Ultra soft bristles will give you a gently deep cleaning while protecting your sensitive gums and teeth.

White Nano / Ultra Soft Bristles - Flat Handle

The Ultra soft bristles will give you a gently deep cleaning while protecting your sensitive gums and teeth.

With 10,000-20,000 ultra-fine bristles, you can deeply clean your teeth, every corner. Micron soft hair, more effective and gentle care for gum health. It adopts environment-friendly and antibacterial fiber hair, which is environmentally safe.

- Natural Bamboo Product
- Compostable brush handle
- Biodegradable packing
- A sleek, natural look and feel
- Super Soft Nano Bristle
- BPA-free bristles

Bamboo Toothbrush Natural Kids - Soft

The handle is made of bamboo, an environmentally sustainable timber. The bamboo is heat-treated to carbonize the surface of the bamboo, giving it a quality finish and good service life. The carbonization finishing process provides water resistance and prevents the growth of microbes (bacteria and molds) during normal use.

The bristles are made from **Plant-based material (Castor Oil)** which is compostable.

Bamboo Interdental Brushes

The smooth natural bamboo handle is lightweight, naturally antibacterial, and easy to grip while reaching into those gaps between teeth - but best of all it's 100% biodegradable for guilt-free oral hygiene.

High quality bristles gently slide between teeth to safely capture and clean out anything caught in the gaps or below the gum line, so you can show off your pearly whites in complete confidence.

Bamboo Speaker

1. Handmade sound amplifier enables you to share your music through passive sound amplification.
2. Incredibly durable, renewable, and rich in tonal variation, bamboo and rattan bring a relaxed style to any area. Eco-friendly from 100% sustainable bamboo Speaker Amplifier

Bamboo Hair Comb

Curls are easier to unravel with a bamboo comb. Helpful are the wide-spaced and finer teeth. Especially after washing it is much easier to comb curls. Natural hair care for curly heads, because the bamboo comb from Croll & Denecke is not oiled. Against possible mold, the bamboo comb with handle is treated with water vapour. The sugar content is generated in the plant and caramelized. No place for mold!

This Bamboo comb features wide teeth and fine teeth and is easy to clean.

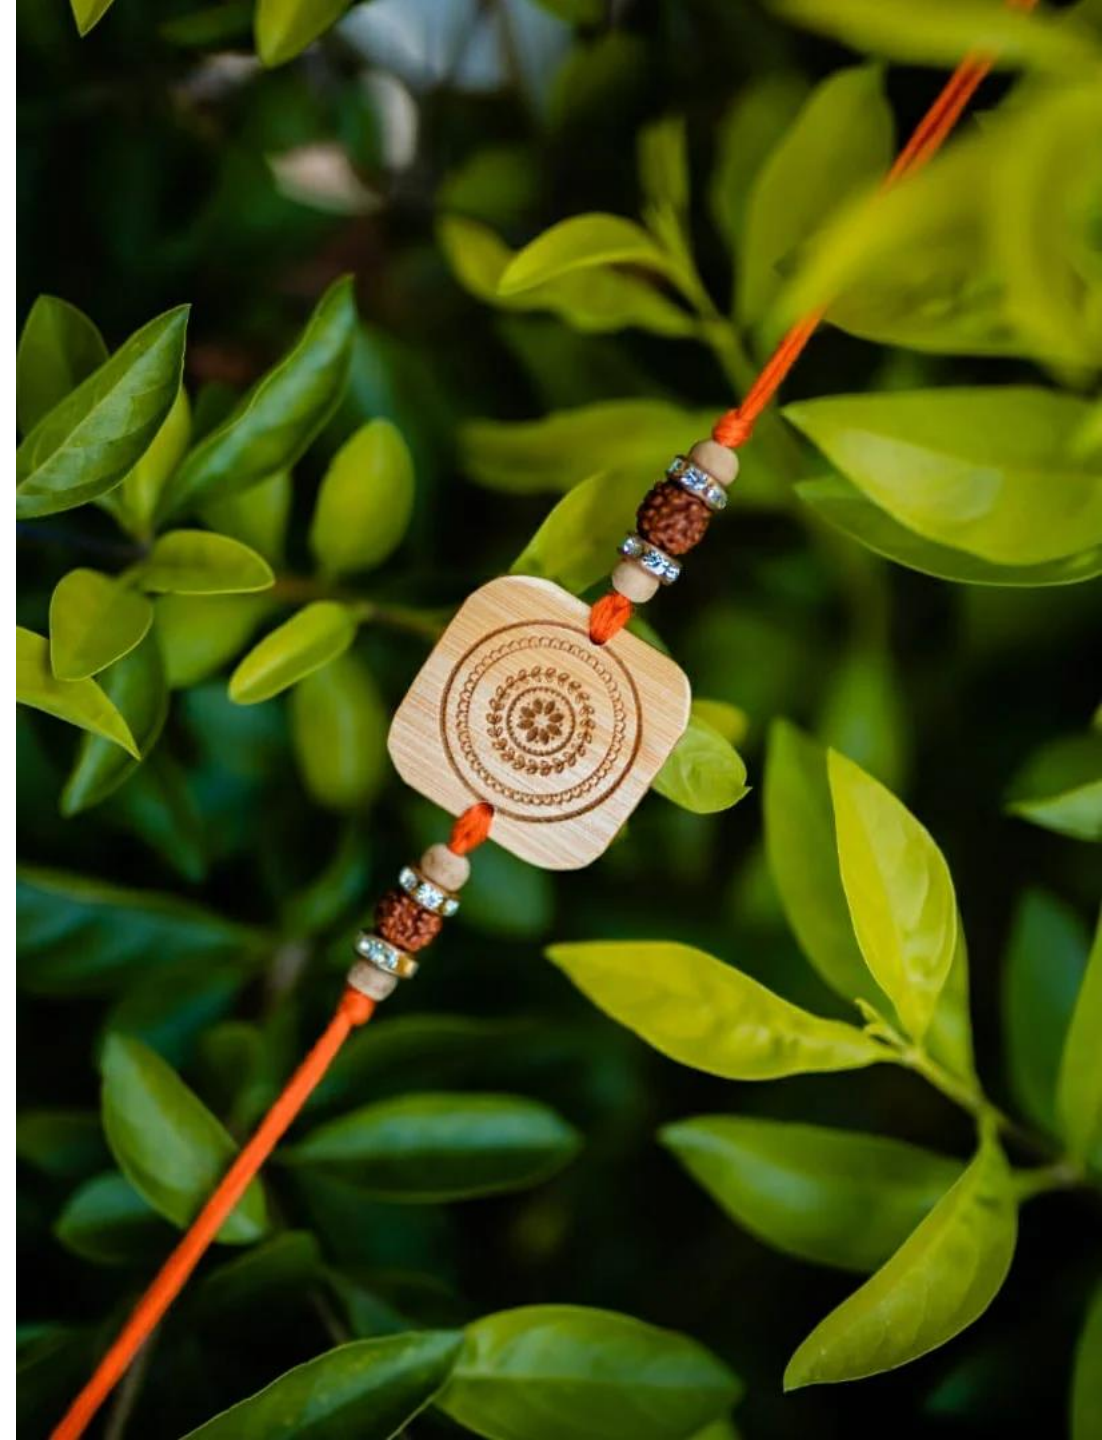

A collection of natural bamboo straws of varying lengths, some bundled in a light-colored cloth bag with a white drawstring. The straws are arranged on a light-colored surface. In the background, there are fresh ingredients including a slice of lime with a sprig of mint, and some yellow flowers. The overall aesthetic is clean and eco-friendly.

Natural Straw

- **Made from natural Bamboo Biodegradable**
- **Kid friendly- Odorless and tasteless**
- **Save the world from the straw menace One straw at a time**
- **Nontoxic and safe no harmful chemicals used in making the straws**
